

Join our 🌟 26 IN 26! 🌟 campaign this October and help us raise money for new playground facilities

How to get started with SuperKind

1. View our school campaign here: <https://superkind.org/campaign/east-craigs-primary-school-pta-26-in-26>
2. Click 'Join this Campaign' at very top of the page
3. Login (if you've used this website before) or create account as 'Child/Parent'
4. As parent/guardian you will need to approve the account and fundraiser via email
5. Create a fundraising page and share it with friends and family. There's a detailed walkthrough on the next page. If you didn't previously enable auto-approval you will need to approve your child's page via email before it goes live.
6. Start tracking your kms on the sheet brought home from school. Have fun!

Our fundraiser will run from 1st until 31st October so the sooner you create your page the sooner you can get going.

If you have any issues,
please email
hello@superkind.org
They respond very
quickly.

Step by step: How to set up your fundraising page

Once you are logged in - what should you do next to create your fundraising page?

1. Choose your campaign

Under **Choose your Campaign**, **26 in 26** should already be selected.

2. Set your fundraising target

Choose the amount you would like to aim to raise.

3. Add your event title

Under **Event Title**, enter **26 in 26**.

You do not need to change the title position unless you would like to.

4. Tell people about your challenge

Under **All About Your Event**, make sure you delete *[insert name here]* and replace it with your name. You can keep the original text provided, or edit it to make it more personal and tell people why you are taking part.

5. Check your images

You do **not** need to change the **Header** or **Mobile** images. If you choose to add photos or videos to your page, please be aware that these will only be visible to people you give the PIN to. They cannot be viewed by anyone else without the PIN.

6. Keep the standard design

You do **not** need to change the **colours** or **font**.

7. Add your thank-you message

There is a standard **Thank You for Your Donation** message already included. You can keep this message or change it to your own wording.

8. Check your donation settings

We recommend keeping the following options selected:

- **Donation Comments**
- **Enable Gift Aid**
- **Custom Value**

With **Custom Value** selected, people will still be able to enter their own donation amount if they wish.

9. Preview your page

Once you have entered all your details, select **Preview** to check what your fundraising page will look like.

10. Publish and share!

If you are happy with your page, **publish it** and then share the link with your family and friends so they can support your challenge.

You can update your page later

Don't worry if you want to change something later! You can edit your fundraising page and **publish it again**.

You might also like to add updates or comments about how far you have travelled, for example:

"I've completed 10 km already - only 16 km to go!"

Any changes you make **will not send a notification to people who have already sponsored you**, but they will be able to revisit your fundraising link and see your updates.

Good luck with your
★ **26 IN 26!** ★ challenge
